Thanks – this helps to allay my concerns about duplication – we do have some things that were modified on Thursday evening – so I will cross check those and send you what we have now for the master copy – and we are trying to convene a call with the icp and region 8 to get the questions answered. Thanks ng

Thanks Nancy. The Q and A that Mathy forwarded to you all is what I had sent him that I was working on with input from R-8. Mathy is asking for more detail to populate the Q and A and for responses to the Q.s that did not yet have answers. I am not revising the Q and A today because I would need regional information to revise them. But as the regions make revisions, as I receive their updated Q and A, I am happy to keep a master set of up-to-date Q and A.

In addition to questions that you are working on – attached are the current version of Qs and As – additional information needs to be filled in and questions answered. Can someone from Region 8 take the lead in farming out and organizing these and get back to me a revised version of this. Thanks.
